我們的國人似乎不太喜歡看書。這還可以從另一個現象看出，國人坐飛機很少在飛機上看書的；如果看書，好像也都是關於理財或是管理方面的書，我幾乎從未遇到隔壁的旅客在看小說。外國人顯然是喜歡看小說的，前些日子我在馬來西亞旅行，國內航線，航程不到一個小時，我隔壁的兩位英國年輕人，每人拿一本厚厚的小說在看，而且看得津津有味。

### 1120710 大專院校學生中翻英短文翻譯參考答案

The people of our country do not seem to like reading books. This can be told from another phenomenon. Our people rarely read on airplanes. If they read, they all seem to read books about financial management or management. I almost never saw the passenger who sat next to me read novels. Foreigners obviously like to read novels. I traveled to Malaysia a few days ago. I took the domestic route, and the voyage was less than an hour. Two British young people sat next to me; each of them held a thick novel, and they read with great interest.
