### 1121023 高中職生中翻英短文翻譯參考答案

Terry stayed up late to read the comic books last night. Today he wanted to sleep in class all the time. It was finally the lunch break, but the lunch break was short, and the classes in the afternoon came soon. It was the most unendurable to take the first class in the afternoon. Terry couldn't concentrate on the class at all. He accidentally lay his face downwards the table, which was seen by the teacher. The teacher asked him to wash his face. He woke up completely.
