It was almost near noon, my mother said that she would make dumplings by herself. I was so happy and shouted out that I wanted to help. I took the dumpling wrappers, but I couldn't make them well. The dumplings I made looked crooked and ugly. I gave up afterward. Since I couldn't make them as beautiful as my mother's, I could make them become the shapes I like. I made the gold ingot-shaped and xiaolongbao-shaped ones. I was very proud of myself. Everyone could tell they were made by me.
