Napoleon(拿破崙) was a French soldier who became emperor of France. Born in 1769 on the island of Corsica (科西嘉島), Napoleon was sent by his father to a military school in France when he was only ten years old. Napoleon was not a very good student in most of his classes, but he excelled in mathematics and in military science. When he was sixteen years old, Napoleon joined the French army. In that year he began the military career that brought him fame, power, riches, and, finally, defeat. At the young age of 24, Napoleon became a general in the French army. Several years later he became emperor of the French Empire.
