其實我們不難看出我們國家對於弱勢族群往往是忽視的，教育界在討論課綱的時候，忽略了學生天生就有學習能力的不同，有些學生可以很快學會，可是有些學生需要花很多時間才學會新事物，因此我們的教育體系絕對不能忽視那些學習能力不夠好的孩子。

### 1130708 高中職生中翻英短文翻譯參考答案

It is not hard to see that our country has often ignored the underprivileged. When the education community discusses curriculum, they ignore that students are born with different learning abilities. Some students can learn very quickly while some students need to spend a lot of time learning new things. Therefore, our education system should never ignore those kids who are with poor learning abilities.
