A couple strived for ten years; they finally bought a villa by the sea, and hired a maid to clean it. In the following days, the couple worked harder every day for the heavy home loan. They worked from the sunrise to midnight. After cleaning the house every morning, the maid at home would make a cup of coffee and take some snacks, and then she would sit at the windowsill to enjoy the beautiful sea view! It doesn't matter how busy you are. What are you busy with if you buy a villa for the maid to enjoy?
