1100510 高中職生 英翻中短文翻譯 題目

Do you plan to further your education? To me, I currently don't have any plan to further my education. However, in order to have a better grasp of knowledge, I pursue further education at nights or during weekends. For instance, I attended a short-term foreign language training program last year. I also read some international news to keep abreast of what is happening in the world. As the proverb says, live and learn.
