**1100308 大專院校畢業生 中翻英短文翻譯 參考答案**

On the return bus trip, I was the only passenger. As I said a very reluctant goodbye to the desolate scenery, I thought of some things to chat about with the driver. I was thinking he might be bored driving alone. There was a box of chocolates beside the driver's seat. Out of his gratitude for my well-intentioned effort to make conversation, he gave me a couple of the chocolates.
