### 1100315 高中職生 英翻中短文翻譯 題目

If we watch international news, we would notice many events are related to racism. The so-called racism is a kind of ideology which says that some races are problematic, and the result of this ideology is discrimination. What Hitler did during the Second World War was entirely based upon racism. Even at present, racism still exists in many countries around the whole world, including Asia. We should pay attention to this phenomena. Of course, we don't have this kind of thinking in Taiwan.

racism 種族主義

ideology 思想、想法

discrimination 歧視

## 1100315 高中職生 英翻中短文翻譯 參考答案

如果我們看國際新聞，就會注意到很多事件都與種族主義有關，所謂種族主義，是認為某個種族是有問題的一種想法，而歧視就是這個想法的結果，二次世界大戰中，希特勒的所作所為，完全就是依據種族主義，即使是現在，種族主義依然存在於全球許多國家當中，包括亞洲。我們應該注意這個現象，當然在台灣，我們並沒有這樣的想法。
