### 1100201 高中職生 英翻中短文翻譯 題目

In our country, many kids are unable to learn English well. If the government officials from the Ministry of Education are indifferent to these kids, they will always be uncompetitive students. They are mostly from poor families. In the future, as they become adults, they will still be low-income people. It seems that the government authorities indeed is eager to raise the salaries of citizens. However, if many people are lack of competitiveness, how can these people get highly paid?
