1100215 大專院校學生 中翻英短文翻譯 題目

我們國家有一個學會，叫做演算法與計算理論學會，會員大多數是資訊系和數學系的教授，他們的研究相當偏重理論，所發表的論文一定會提到數學，因此也只有數學非常好而又相當用功的教授，才可能在這個領域成功產出好的研究結果。

學會 association

演算法 algorithm

計算理論 complexity

發表 deliver

理論 theory

1100215 大專院校學生 中翻英短文翻譯 參考答案

There is an association called “Association of Algorithm and Complexity” in our country. Most of the members are professors from the computer science and mathematics departments. Their research is quite theoretical. The papers they’ve delivered would definitely mention mathematics. Therefore, only those professors who are good in mathematics and hard-working may succeed in producing good research results in this field.
