一個慎選朋友的人一定會從他們那裡獲得益處。因為在這個世界上虛偽的朋友比真誠的朋友還要多。有一個真誠的朋友比有一百個虛偽的朋友來得好。凡是當面奉承你的朋友都不是真朋友。我們必須和有良好品格和心地善良的人交朋友。反過來說，我們應盡力避免結交壞朋友。

A person who is careful in choosing friends will certainly derive benefits from them. Because there are more false friends than real ones in this world. To have one real friend is better than a hundred false ones. Whatever friends who flatter you to your face are not true friends. We must make friends with those who have good characters and kindness of heart. On the other hand, we should do our best to avoid keeping company with bad friends.
