### 1110307 大專院校學生 中翻英短文翻譯 參考答案

You go home from work. You are tired, you want to sit in front of the TV, and watch something fun. Your children want the same. What's better than an animated film? Both children and most adults love animations. Of course, there are animated movies that are directed specifically to adults, like *Anomalisa* by Charlie Kaufman. And there is also the chance that adults will love a kid's movie more, for example *The Incredibles*. So, why do adults like animations so much? There are plenty of reasons.
