前陣子，公司雇用了一名大學生在暑假時來幫忙。他主要在打報告。他很勤奮，但是不太精明。有一天，他去找祕書說：「我的打字紙快要用完了，我應該怎麼做？」祕書回答：「那就不用影印紙啊。」於是，那名學生走到影印機，把他的最後一張紙放上去，然後按下啟動按鍵，影印了五張空白紙。

A while back, the company hired a college student to help out during the summer vacation. He mostly typed up reports. He was very diligent, but he wasn't very sharp. One day, he turned to a secretary and said, "I'm almost out of typing paper. What should I do?" The secretary answered, "Just use copy paper." So, the student walked (over) to the copy machine. He put his last piece of paper on it. Then, he pushed the start button and made five blank copies.
