### 111219 大專院校畢業生中翻英短文翻譯參考答案

If kids do something wrong, the parents might blame themselves for not raising their kids well. Parents also worry about the future. If their son or daughter spends an hour a day playing video games now, what about in five years? Although it seems like parents can be unreasonable at times, they are generally just hoping for the best for you. A good relationship with your parents can ease their fears and worries. Here is some advice from experts on how teenagers can have a closer relationship with their parents.
